Summus Elena Beauty Oil

A double-phase skincare product for intensive nutrition and lifting, 27 ml

How to use

(!) Shake the bottle before application to mix the aqueous and oil components.

Apply the oil on the cleansed face and neck skin after lotion and serum, working from the center outwards.

The beauty oil is recommended for the daily skincare routine.

The beauty oil is not followed by the cream. An eye cream or elixir should be applied after the oil is fully absorbed.

Use a cotton tissue to ensure a more even application of the oil.
